2012

2013

Activities & Information Calendar

All Can Achieve and Succeed

All students will be provided a safe, stimulating environment so that they will gain the knowledge, skills, and values necessary for living, learning, and working.

-Board of Education

This calendar is published in order to keep parents and patrons informed of school activities. It is the schools' belief that community participation is vital to the educational success of students and the district's schools. An attempt has been made to be as inclusive as possible in this publication, however, cancellations, and other changes will occur over the course of the year. Check our website (www.ellsaline.org) for Weekly Happenings updates.

Board of Education

The Ell-Saline USD 307 board of education consists of seven members, two from each of the three board districts and one at-large. They have the important responsibility of establishing the policies by which the district's schools are governed.

Board members serve without compensation and may be elected for an unlimited number of four-year terms.

Regular meetings of the board of education are held on the second Monday of each month at 7:00 PM in the District Office Conference Room. Meetings are open to the public, and parents and patrons are encouraged to attend.

The boards' basic function is to set policy. Comments and opinions of the public are welcomed. Specific questions or problems should first be discussed with the teacher or administrator at the appropriate school.

Board of Education members:

Jeff Parker, President	827-7669
Geena Kejr, Vice-President	225-6894
Anita Bird	201-2901
Jamie Bradley	283-4252
John Fouard	225-6820
Cheryl Higgins	823-7619
Marty Kramer	826-9902

School Closings

Unless the weather of the night before warrants closing school at that time, a decision will usually not be made until 6:00 AM. Once the decision is made to close school, or to run the buses late, radio stations will announce that decision. Tune to KSAL 1150AM, KINA 910AM, KSKG 99.9FM, KSAJ 98.5FM, KILS 27.7FM, or KQNS 95.9FM between 6:30AM and 8:00AM for these announcements to be made. In times of inclement weather, the decision to send students to school ultimately rests with the parents. The administration and bus drivers will

make what they feel are prudent decisions concerning running the buses. Parents have the option and responsibility, if conditions warrant, of keeping students at home.

Transportation (For more information see back page.)

The district currently has regular routes, including kindergarten, which spans the 225 square miles of the district. Special education transportation is provided.

The bus fleet is consistently being monitored and inspected annually by state inspectors. Routes also are reviewed to provide the most efficient and economical means in busing students to and from home.

Drivers undergo training in first aid and defensive driving, and do an excellent job of safely transporting students in all types of weather.

School Breakfast/Lunch Program

The district participates in the nationally sponsored school breakfast/lunch program. The food service staff takes pride in providing nutritious and attractive lunches. Students are encouraged to take advantage of the services. The price of breakfasts, lunches, and milk are as follows:

	<u>Breakfast</u>	<u>Lunch</u>
Grades K-6	\$1.45	\$2.30
Grades 7-12	\$1.55	\$2.45
Adults	\$1.90	\$3.15
Milk	\$.35	\$.35

Free and reduced-priced breakfasts and lunches are available to those who qualify based on family income. Application forms are mailed to the parents of all returning students or may be picked up at the district office or either school office.

Co-Curricular Activities

The Ell-Saline schools have a tradition of excellence in all phases of co-curricular activities. These activities are often time-consuming for students, parents, and staff; however, national studies have shown that participants have fewer disciplinary problems at school, and in general are more successful in adult life!

The middle and high schools are members of the Kansas State High School Activities Association (2A) and are playing in the Heart of America League (HOA).

Opportunities are provided for students to participate in football, volleyball, cross country, basketball, track, softball, baseball, music, drama, cheerleading, pep band, and pep club. Successful programs provide opportunities for developing community spirit and pride.

Special Education

Ell-Saline USD 307 is a member of the Central Kansas Cooperative in Education along with eleven other school districts in the area.

The cooperative designs individual educational programs for students with special needs, ranging from the very brightest students to those with extreme learning disabilities, including pre-school handicapped children.

The special education cooperative also provides hearing screening services for all children of the district.

Guidance/Counseling Services

Guidance and counseling services are provided to elementary students on a group basis with individual activities to promote understanding of oneself and to create a positive self-concept.

At the middle/high school, guidance and counseling services are provided to help students with plans, choices, problems, and better self-understanding.

With the use of each student's academic records, test scores, aptitudes, interests, and personal data, the counselor is able to help the students evaluate one's own progress, potential, and interests in order to give the students guidance and direction in pursuing high goals.

Graduation Requirements and the High School Curriculum

Ell-Saline USD 307 offers a comprehensive curriculum at the secondary level to meet the needs of the college bound and vocationally oriented, as well as the general education student who is still undecided. Students have the opportunity during the year to pursue different career choices and to be assisted by the counselor, principal, and the teaching staff.

Senior high students will develop individual four-year plans to assist them and their parents in assuring that future career goals are being met. These plans may vary, but they will provide road maps for the annual and long-term programs of students.

Middle school curriculum provides for exploration and investigation. Students have the opportunity to take core curriculum courses in the basics, as well as various electives such as music, art, physical education, industrial education, and home economics.
