General Complaints

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. If the investigation and determination procedures of a complaint are not regulated in another board policy or the negotiated agreement, as applicable, it will be designated a general complaint subject to processing under this policy. Whenever a general complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution pursuant to the procedures outlined in this policy.

Informal Procedures

The building principal shall attempt to resolve general complaints in an informal manner at the building level. Any school employee who receives a general complaint shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. Upon becoming aware of a complaint, the building principal shall, within a reasonable time, but without delay, discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution and forward this record to the district compliance coordinator.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint shall be filed within 10 school days of the conclusion of the informal procedures. The formal complaint shall be in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity

- to submit written or oral evidence relevant to the complaint and to provide the names of potential witnesses who may have useful information.
- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and forwarded to the complainant and the respondent. If the investigator anticipates a determination will not be issued within 45 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion.
 - If the investigation results in a recommendation that a student or staff member be subject to discipline, the specifics will not be included in the written determination provided to the parties to protect the privacy rights of the student or staff member.
 - If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
 - If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.
 - Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Appeal Procedures

The complainant or respondent may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or superintendent, or by the board itself. The request to appeal the determination shall be made within 20 days after the date of the written determination of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. Whenever an appeal officer is appointed to review an appeal, the appeal officer will prepare a written report to the board within 30 days after the appeal is submitted for decision. The board shall render its decision not later than the next regularly-scheduled meeting of the board following the receipt of the report and provide the parties with a notice of the result of the appeal. Any matter determined by the board in accordance with this process shall be valid to the same extent as if the matter were fully heard by the board without an appeal officer.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

If it is determined at any level that a violation of board policy or school rules occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Complaints Against the Superintendent

A complaint against the superintendent shall be filed in writing with the clerk of the board of education as soon as possible after the conduct occurs that led to filing a complaint but not later than 20 days after the complainant becomes aware of the alleged violation, unless the conduct forming the complaint is ongoing. If appropriate, the board, or the board's designee, shall investigate the complaint. If the board appoints a designee to conduct the investigation, the designee shall submit a report of the designee's findings upon which the board will decide the complaint. The board shall review the report and decide the matter as soon as reasonably possible but not later than sixty (60) days after the complaint is filed. After the board has reviewed the report, it may, in its sole discretion, request a meeting with the investigator or any party. The board may extend the timeframe for issuing a decision by providing the complainant with written notice of the proposed decision date. There is no appeal from the board's decision.
